

## PUBLIC ART HISTORY

Incorporated in 1938, Palm Springs is the second oldest city in the Coachella Valley boasting a rich history of art and architecture. Following this tradition, in 1988 the City became the second city in Riverside County to adopt a public art program. The accompanying map will help guide you to the many public art installations located throughout Palm Springs.

To learn more about the City's collection we invite you to visit us online at [palmspringspublicart.org](http://palmspringspublicart.org) or call 760-778-8408.

# IN PALM SPRINGS, ART IS FOR EVERYONE.

People flock to Palm Springs for many reasons. The beauty of our desert, the towering San Jacinto Mountains, year-round outdoor recreation, soothing palm tree-speckled vistas set amongst sparkling swimming pools, gorgeous year-round sunny weather, and of course, our rich cultural history have all contributed toward making Palm Springs a world-class destination.

For 75 years, Palm Springs has been committed to providing public access to the arts and is now home to a fantastic and diverse collection of public art. On this map you will find 65 pieces of public art currently installed for the enjoyment of visitors and residents alike. We hope the collection will stimulate contemplation and conversation and enliven your appreciation and understanding of a wide variety of public art expressions.
