City of Palm Springs Fiscal Year 2007-08 Adopted Budget

OPERATING FUNDS
(General and Community Promotion Funds)

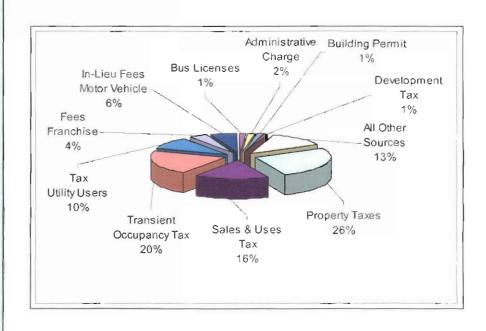

Highlights

- Total FY 2008 Operating Fund revenues are expected to increase \$5,570,896. This is an 8.26% increase over approved FY 2007 revenues.
- In FY 08, 26% of total
 Operating Fund revenues are expected to come from property taxes. This is an increase of 12.7% from FY 2007.
- For each dollar paid in sales tax, the City receives approximately \$0.01 cents. That equates to 1% of the 7.75% paid at the time of sale. The State receives the vast majority (87%) of that 7.75%.
- Transient Occupancy Tax revenues represent 20% (\$14.8 million) of all Operating Fund revenues. Since 2000-01, TOT revenues have increased by 27% or \$3.1 million. This increase is due largely to the TOT rate change for group meeting hotels that was approved by voters in 2001 to pay for the Convention Center expansion.
- Development related revenues are tracking approximately 4% under FY 2007 estimates. Based on current market and economic trends development related revenues have been lowered by 21% in FY 2008.

Where the Money Comes From

*Operating Funds includes General Fund (001) and Community Promotion Fund (112)

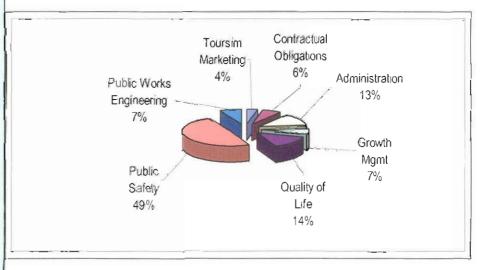

Highlights

- Operating Fund Expenditures are projected at \$64,047,325 an increase of \$4,718,099 or 7.95% over approved FY 2007 budget.
- Salary and benefits costs represent the majority of the overall increase at \$3,219,570. Of this increase, \$1,237,136 is the cost of wage and salary adjustments that were approved by the City Council to several bargaining units in order to remain competitive in the marketplace.
- 49.09% of the FY 2008
 Operating Fund budget is allocated to public safety services (police and fire).
- The reduction in Growth Management from adopted FY 07 to the proposed FY 08 Budget is due to a reduction in contractual services.
- Contractual Obligations increased by 10.04% over FY 07 due to new sub-lease and to the new formula for property insurance allocation.
- The increase in Marketing and Tourism in FY 08 is primarily due to the sponsorship agreement that was entered into with the Bob Hope Chrysler Classic to sponsor the golf tournament through 2009.

Highlights

- Customer Facility Charges are restricted funds that can only be used to provide facilities for the rental car operators and companies serving the Airport.
- Passenger Facility Charges are restricted to expenditures dealing with passenger facilities. These funds are currently being used to pay debt service for two bond issues and a bond refunding that was used for terminal construction.
- Excess Passenger Facility can only be used to redeem outstanding bonds which in turn will reduce the Airport's long-term debt.
- The 1998 General Airport Revenue Bonds (GARB) are eligible to be refinanced in 2008 as PFCs. This will relieve the Airport of the remaining convenant restrictions on the current GARB allowing greater flexibility for general Airport revenue.
