

Planning Commission Staff Report

Date: February 22, 2012

Case No.: SP 10-006 AMEND

Type: Sign Program Amendment

Applicant: Best Signs, Inc.

Location: 111 South Sunrise Way

APN: 508-100-055

General Plan: TRC (Tourist Resort Commercial)

Zone: Section 14 Master Plan - RA (Resort Attraction)

From: Craig A. Ewing, AICP, Director of Planning Services

Project Planner: David A. Newell, Associate Planner

PROJECT DESCRIPTION:

The applicant is seeking approval of a sign program amendment for an existing commercial complex located at the southwest corner of Sunrise Way and Tahquitz Canyon Way (111 South Sunrise Way). The proposed amendment is to modify existing signage for the southerly tenant currently known as Eisenhower Health Center.

RECOMMENDATION:

That the Planning Commission approve Case No. SP 10-006 AMEND, a sign program amendment to allow the modification of main signage for the southerly tenant, subject to the recommendations suggested by the Architectural Advisory Committee (AAC).

PRIOR ACTIONS:

On October 27, 2010, the Planning Commission unanimously approved the original sign program.

On April 13, 2011, the Planning Commission unanimously approved an amendment to the sign program to allow the installation of an additional monument sign and a reface of an existing sign on a monument sign.

On February 8, 2012, the Planning Commission unanimously approved an amendment to the sign program to allow the installation of directional signage for the Rite Aid Pharmacy.

On February 6, 2012, the Architectural Advisory Committee reviewed the proposed amendment to modify the southerly tenant's signage and unanimously recommended approval of the amendment with the following conditions:

1. Remove building wall signs on north, east and south elevations and repair to match existing;
2. Allow the proposed Option A (sign on curved landscape wall);
3. Curved wall to be reduced to a height of three-foot and four inches and to be located outside of corner cutback; proposed sign on wall to be reduced proportionally;
4. Allow relocation of monument sign as proposed;
5. All landscape in front of proposed wall to be low growth to not block signage.

See discussion on AAC recommendation below.

BACKGROUND:

The site is approximately 3.8-acres in size and bounded by streets on three sides; East Tahquitz Canyon Way on the north, South Sunrise Way on the east, and Arenas Road on the south. To the west, the property abuts a vacant lot.

On November 27, 2008, the Planning Commission approved the Conditional Use Permit to construct a medical office building and pharmacy on the subject site. Both buildings have been completed and occupied.

Surrounding land uses, Zoning, and General Plan designations are detailed below:

	Land Use	General Plan	Zoning
North	Vacant (Future Shopping Center)	TRC (Tourist Resort Commercial)	Section 14 Master Plan – RA (Resort Attraction)
South	Assisted Living Facility	HDR (High Density Residential)	Section 14 Master Plan – HR (High Density Residential)
East	Commercial Shopping Center	NCC (Neighborhood / Community Commercial)	C-1 (Central Retail Business Zone)
West	Vacant	TRC (Tourist Resort Commercial)	Section 14 Master Plan – RA (Resort Attraction)

ANALYSIS:

As a result of maturing landscaping on the site, the applicant is requesting an amendment to the existing sign program to modify the main signage for the southerly tenant; the Eisenhower Health Center. The proposed amendment will include the following changes to the existing sign program:

1. Remove existing wall signs on south and east elevations of building and repair stacked stone to match existing;
2. Relocate existing monument sign at northwesterly corner of Sunrise Way and Arenas Road to east side of vehicular entry off Arenas Road;
3. Install a main sign on the existing CMU barrier wall located on south side of Sunrise Way vehicular entry;
4. Install either (1) a main sign on a new CMU barrier wall at the northwesterly corner Sunrise Way and Arenas Road or (2) a main wall sign on the east elevation near the corner of Sunrise Way and Arenas Road; these options are shown as Option A and Option B in the exhibits respectively.

The Eisenhower Health Center currently has a main sign on all four sides of the building and is identified on three existing monument signs on the site. These signs, their respective sizes and conformance to the Zoning Code and Sign Program are listed in the table below:

Main Sign Location	Size	Quantity	Permitted by Ordinance	Permitted by Sign Program
West Elevation	45.8 square feet	1	No	Yes
North Elevation	34.2 square feet	1	No	Yes
East Elevation	35.5 square feet	1	Yes	Yes
South Elevation	34.2 square feet	1	Yes	Yes
Tahquitz Canyon Way Monument Sign	15 square feet per side	1	No	Yes
Sunrise Way Monument Sign	15 square feet per side	1	No	Yes
Arenas Road / Sunrise Way Monument Sign	13 square feet per side	1	No	Yes

The overall net change after main signs have been removed, relocated and installed includes one less main sign for the medical office (southerly tenant). The total main sign area allowed for this tenant by the zoning code is seventy-three square feet for the Sunrise Way (east) building elevation and sixty-four square feet for the Arenas Road (south) building elevation. The sign area of all main signs for the medical office totaled 193 square feet (not including the additional square footage on one side of the double-sided monument signs). The sign program amendment proposes the following main sign area for the medical office building:

Main Sign Location	Size
West Elevation	45.8 square feet
North Elevation	34.2 square feet
Existing Landscape CMU Wall at Sunrise Way Vehicle Driveway Entry to Site	54.2 square feet
New Landscape CMU Wall at Arenas Road / Sunrise Way Corner	47.6 square feet
Tahquitz Canyon Way Monument Sign	15 square feet per side
Sunrise Way Monument Sign	15 square feet per side
Arenas Road Vehicle Driveway Entry Monument Sign (Relocated from Arenas / Sunrise corner)	13 square feet per side
Total*	224.8 square feet

*Total includes only one side of double-sided monument signs that are perpendicular to the street.

The total main sign area for the amendment exceeds the total sign area of the current sign program by 31.8 square feet. With the removal of the North Elevation sign as recommended by the AAC, the total main sign area will be less than the current sign program.

AAC Recommendation:

The AAC recommended approval of the amendment with the following conditions:

1. Remove building wall signs on north, east and south elevations and repair to match existing;
2. Allow the proposed Option A (sign on curved landscape wall);
3. Curved wall to be reduced to a height of three-foot and four inches and to be located outside of corner cutback; proposed sign on wall to be reduced proportionally;
4. Allow relocation of monument sign as proposed;
5. All landscape in front of proposed wall to be low growth to not block signage.

The applicant accepts Nos. 2, 4 and 5 above, but would like to retain the main sign on the north elevation of the building and construct the curved CMU wall at a height of 3'-8". Drawing No. 7 of sign program shows the proposed wall at a height of 3'-8" with a sign that has been reduced as AAC recommended (No. 3 above) from 54.2 square feet to 47.6 square feet.

Staff supports the AAC's recommendation as it will reduce the number of main signs and overall main sign area for the southerly tenant. A Condition of Approval consistent with the AAC recommendation has been included in the draft resolution.

CONCLUSION:

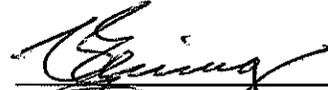

Based on the above analysis, staff recommends that the Planning Commission approve the sign program amendment as recommended by the Architectural Advisory Committee. A draft resolution with conditions of approval has been attached to this report.

ENVIRONMENTAL ASSESSMENT:

Pursuant to the California Environmental Quality Act (CEQA), the project is Categorically Exempt under Section 15311(a).

CITY OF PALM SPRINGS

CASE NO: SP 10-006 AMEND

APPLICANT: Best Signs, Inc.

DESCRIPTION: Request for an amendment to a sign program for the property located at 111 South Sunrise Way, Zone RA (Section 14 Specific Plan), Section 14. (DN)

RESOLUTION NO.

A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF PALM SPRINGS, CALIFORNIA, APPROVING CASE SP 10-006 AMEND, AMENDING THE SIGN PROGRAM TO MODIFY EXISTING MAIN SIGNAGE FOR THE SOUTHERLY TENANT AT THE COMMERCIAL COMPLEX LOCATED AT 111 SOUTH SUNRISE WAY.

WHEREAS, Best Signs, Inc. (the "Applicant") has filed an application with the City pursuant to Section 93.20.05(C)(6) of the Sign Ordinance for a sign program amendment to relocate a monument sign, remove main signs from the building for the southerly tenant and install signs on landscape CMU walls at the commercial complex located at 111 South Sunrise Way, APN: 508-100-055, Zone RA (Section 14 Specific Plan), Section 14; and

WHEREAS, notice of public meeting of the Planning Commission of the City of Palm Springs to consider Case No. SP 10-006 AMEND was given in accordance with applicable law; and

WHEREAS, on February 6, 2012, a public meeting on the application for a recommendation was held by the Architectural Advisory Committee in accordance with applicable law; and

WHEREAS, on February 22, 2012, a public meeting on the application for review and action was held by the Planning Commission in accordance with applicable law; and

WHEREAS, the proposed project is considered a "project" pursuant to the terms of the California Environmental Quality Act ("CEQA"), and has been determined to be Categorically Exempt as a Class 11 exemption (accessory structures) pursuant to Section 15311(a) of the CEQA Guidelines; and

WHEREAS, the Planning Commission has carefully reviewed and considered all of the evidence presented in connection with the hearing on the project, including, but not limited to, the staff report, and all written and oral testimony presented.

THE PLANNING COMMISSION HEREBY FINDS AS FOLLOWS:

Section 1: Pursuant to the California Environmental Quality Act (CEQA), the project is Categorically Exempt under Section 15311(a)(Accessory Structures).

Section 2: As conditioned, the amendment includes a reduction of one main sign and an overall reduction in main sign area for the southerly tenant.

NOW, THEREFORE, BE IT RESOLVED that, based upon the foregoing, the Planning Commission hereby approves Case No. SP 10-006 AMEND, a sign program amendment to modify main sign area for the southerly tenant in the commercial complex located at 111 South Sunrise Way, subject to the conditions set forth in Planning Commission Resolution 6158 and the following:

1. Prior to the issuance of any sign permits, the applicant shall revise and resubmit three copies of the sign program amendment to the Planning Department with the following changes:
 - a. Remove building wall signs on north, east and south elevations and repair to match existing;
 - b. Remove Option B from exhibits;
 - c. Show curved wall at a height of three-foot and four inches and located outside of corner cutback;
 - d. All landscape in front of proposed wall to be low growth to not block signage.

ADOPTED this 22nd day of February, 2012.
