6. PUBLIC HEARINGS

6.A Case Pre-App 12-001 – A pre-application by Pacifica Colony Palms, LLC proposing a five-story, mixed use development comprised of a 61 unit hotel, 6,000 gross square feet of retail uses, and a 2,000 square foot restaurant with off-street parking, landscaping and related features on a 1.13 acre site at 750 North Palm Canyon Drive, Zone C-1/R-3, PD 104, Resort Overlay, a non-contributing site within the Las Palmas Historic District (HD-1)

Associate Planner Ken Lyon presented the staff report.

Board member Cohen arrived at 8:25 a.m.

The Board asked the following questions:

- To resolve the actual date of construction of the building (1972 or ?)

Chair Gilmer opened the public hearing and invited the applicant to make a presentation. Hugh Gaspar, architect, spoke on behalf of the project applicant, noting the project's relationship to sustainability principles, use experiences and density. He noted that the project would be a 'backdrop' to the neighborhood. Ron Marshall, Palm Springs Preservation Foundation noted that the project appears to be out of scale and out of context with the surrounding historic district. Frank Tysen spoke against the project and supported the concerns raised by the Architectural Advisory Committee.

The Chair closed the public comment section.

Board members noted the following:

- The project needs to conform to the guidelines of the historic district, especially related to scale.
- The project would appear to have a shadowing effect on surrounding properties, especially during winter.
- The project as a 'backdrop' seems out of scale
- The AAC's concerns were valuable and well-expressed
- The building architecture is attractive, but perhaps not suited for the site
- The building's height, relationship to other buildings, and 45-degree orientation do not fit with the surroundings.

7. CERTIFICATE OF APPROVAL REQUESTS

- 7.A HSPB # 5 (*Cornelia White House Village Green*) - To replace fencing, hinges and hardware, repair exterior building walls and windows including frames, repaint exterior to match existing color palette, fill and seal holes along the existing foundation railroad ties, and replace portion of existing grassed areas with native desert plantings, located at 223 South Palm Canyon Drive, Zone CBD.

Diana Shay, City Department of Economic and Community Development, presented the staff report.

The Board asked about:

- The new desert landscaping vs. remaining lawn in the Village Green, and
- The sidewalk and flatwork surrounding the building.

Patrick McGrew commented on the project's conformance with the Secretary of Interior's Standards.

Motion by Grattan; second by Ploss; vote 6-0, to approve a Certificate of Approval to rehabilitate the Cornelia White House and surrounding landscape, as presented.

- 7B. HSPB 27 / SP 09-001 Amend - A request for an amendment to a previously approved sign program for the El Paseo Building located at 800 North Palm Canyon Drive, a Class 1 Historic Site, Zone C-1.

Assistant Planner Glenn Mlaker presented the staff report.

The Board clarified the elements of the proposed sign program amendment.

The applicant described the proposed changes.

Chair Gilmer confirmed that the new sign is four flat pieces that will 'float', or be set off from the wall. Board members noted some concern with pinning the sign on the wall, but recognized an overall improved look, as proposed

Motion by Ploss; second by Cohen; vote 6-0, to approve a Certificate of Approval to amend the El Paseo Building sign program, as presented.

He opposed holding the Kocher-Samson building nomination until the Casa Palmeras nomination is ready, and objected to the Board initiating nominations without preliminary investigations into the property. He offered to complete a historic documentation on the Casa Palmeras property.

The Board discussed the procedure for initiating investigation and Board member Ploss offered to prepare the historic documentation.
