

CITY COUNCIL STAFF REPORT

DATE: APRIL 17, 2013

CONSENT

SUBJECT: PROPOSED RESOLUTION ESTABLISHING TWO (2) HOUR ELECTRIC VEHICLE ONLY PARKING IN DESIGNATED AREAS.

FROM: David H. Ready, City Manager

BY: Michele C. Mician, Sustainability Manager

SUMMARY

The City Council will consider a resolution to establish ten (10) two hour electric vehicle only parking at the sites listed in Exhibit A and shown on the attached map.

RECOMMENDATION:

1. Adopt Resolution No. _____, "A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PALM SPRINGS, CALIFORNIA, ESTABLISHING AND APPROVING TWO-HOUR ELECTRIC VEHICLE ONLY PARKING AT VARIOUS CITY OWNED PROPERTIES."

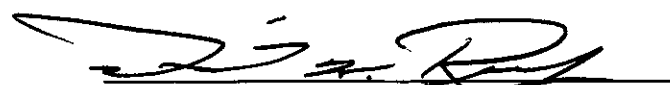

STAFF ANALYSIS:

The City's Office of Sustainability received State awarded funds through the ReConnect California program to establish electric vehicle infrastructure. As a result the City recently installed ten electric vehicle charging stations. Staff recommends that two hour time limited electric vehicle only parking is established at these locations to ensure that the stations are utilized as the State intended and to provide a greater level of service to electric vehicle owners. As a result the City will continue to fulfill the goals established in the 2009 Palm Springs Path to a Sustainable Community and will reduce greenhouse gas emissions as committed to in the U.S. Mayor's Climate Protection Agreement.

FISCAL IMPACT: None
