PUBLIC HEARING

SUBJECT: DELINQUENT WASTE DISPOSAL CHARGES

FROM: David H. Ready, City Manager

BY: Director of Public Works/City Engineer

SUMMARY

All residential properties, in accordance with the Municipal code, must have trash collection services and pay a mandatory waste disposal fee, unless granted an exemption from the City. Annually, the City receives a list from its franchised waste hauler, Palm Springs Disposal Services, of all properties that have not paid their waste disposal fee. In order to collect the unpaid charges, Palm Springs Disposal Services, pursuant to their franchise agreement with the City, has requested that these properties be placed on the County Property Tax Rolls for collection. The waste hauler has made all reasonable efforts to diligently pursue and collect all fees and charges due to them. However, several accounts still remain unpaid as indicated in the list on file in the City Clerk's Office. This action is consistent with past practice and the applicable legal requirements for placement of a lien against property.

RECOMMENDATION:

1. Adopt Resolution No. _____ "A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PALM SPRINGS, CALIFORNIA DETERMINING CERTAIN WASTE DISPOSAL ACCOUNTS TO BE DELINQUENT AND DIRECTING THE PLACEMENT OF THESE ACCOUNTS ON THE COUNTY PROPERTY TAX ROLLS FOR COLLECTION.
2. Authorize the City Manager to execute all documents necessary to effectuate this action.

STAFF ANALYSIS:

The City requires all residential properties to have trash collection services and to pay a mandatory waste disposal service fee, unless granted an exemption as provided under Palm Springs Municipal Code Section 6.04.200(d). The collection of trash from all inhabited properties is essential to maintaining the health and safety of the community at large. For this reason, solid waste charges, if unpaid, are considered a civil debt.

ITEM NO. 1A

Each year Palm Springs Disposal Services provides a list of all delinquent accounts to the City for placement on the property tax rolls. Collection of delinquent solid waste charges through the tax rolls is authorized under Palm Springs Municipal Code Section 6.04.215 pursuant to Sections 38790.1 and 25831 of the California Government Code. This year, a total of 1,006 delinquent accounts have been identified. In April, Palm Springs Disposal Services mailed notices, pursuant to Government Code Section 25831(b), to all delinquent accounts advising them that unless payment was immediately received the delinquent charges would be placed on the property tax rolls for collection.

Notification of this hearing was mailed to each property owner on the delinquent list on April 18, 2014. Since mailing of these notices, Palm Springs Disposal Services has received payment in full from 163 accounts. This leaves a balance of 843 delinquent accounts representing approximately \$265,174.70 in lost revenues to the waste disposal company. A list of all delinquent accounts is on file with the City Clerk's Office for public inspection.

A final list, with any payments, credits and other adjustments received after the public hearing, will be submitted to the County Auditor-Controller's Office on June 30, 2014. Any account still delinquent after this date will be placed on the County property tax rolls for collection. All amounts collected by the County will be remitted to the City. Palm Springs Disposal Services has agreed to pay the City 10% of the total amount collected as reimbursement of its cost to place these accounts on the tax rolls.

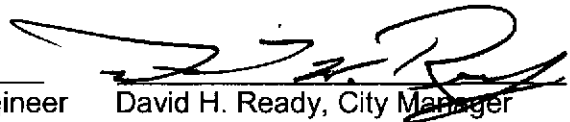

The proposed hearing is consistent with past practice and applicable legal requirements. Action to collect debts through the tax roll process is a cost effective and efficient method of debt collection. Moreover, if Palm Springs Disposal Services is unable to collect from these delinquent accounts, the service fees for all other customers may have to be increased to cover the bad debt.

FISCAL IMPACT:

Since the City receives franchise, administrative, recycling and diversion facility fees from Palm Springs Disposal Services, collection from all delinquent accounts should provide additional revenues to the City. In addition, Palm Springs Disposal Services has agreed to pay the City 10% of the total amount collected or \$26,517.49 as reimbursement of its expenses for placing these delinquent accounts on the tax roll.
