STAFF ANALYSIS:

On September 3, 2014 City Council approved an Agreement with RGA Landscape Architects, Inc. for landscape and architectural design services for the Tahquitz Canyon Way Median (Sunrise Way to El Cielo Road) as well as concept revisions to the previously approved segment between Sunrise Way and Civic Drive. Also included were development of enhancements to the median landscaping improvements recently completed in section 14.

On September 4, 2014 the Council subcommittee for the subject project (Councilmen Mills and Hutcheson and Planning Commissioner Middleton) met to discuss the proposed conceptual plan revisions presented by the Landscape Architect Consultant (RGA). The subcommittee provided input and requested revised conceptual plans. Those revised plans are what is being presented tonight.

Staff seeks direction and any additional comments from the full Council.
