

City Council Staff Report

DATE: OCTOBER 15, 2014 CONSENT CALENDAR

SUBJECT: APPROVE CONTRACT FOR THE PALM TREE REMOVAL AND REPLACEMENT PROJECT, A MEASURE J FUNDED CAPITAL PROJECT.

FROM: David H. Ready, City Manager

BY: Maintenance and Facilities Department

SUMMARY

This Measure J project provides for palm tree removal and replacement at various locations throughout the City. Staff is seeking authorization from the City Council to accept the qualified lowest responsive bid from CV Construction & Engineering in the amount of \$141,141.00.

RECOMMENDATION:

1. Find the bid from Golden Valley Construction non-responsive and award a unit price contract with CV Construction & Engineering in the amount \$141,141.00 for the removal and replacement of Palm Trees.
2. Authorize the City Manager to execute the purchase order.

STAFF ANALYSIS:

The Maintenance and Facilities department identified twenty one (21) locations and Twenty-six (26) palm trees for removal and replacement

City staff contracted with the local Landscaping Architectural firm, Michael Buccino & Associates, to prepare bid specifications for the project which was estimated at \$131,000. The Procurement and Contracting Department worked closely with the Maintenance and Facilities Department to conduct the unit price formal invitation for bids for the removal and replacement of Palm Trees at various different locations throughout the City. The bid was publicly advertised, posted to the City's website, and notices distributed to potential contractors. Two (2) contractors responded and the

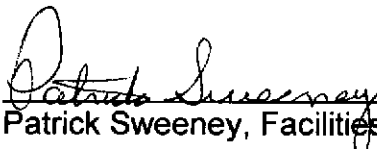

results of the bid are tabulated as follows:

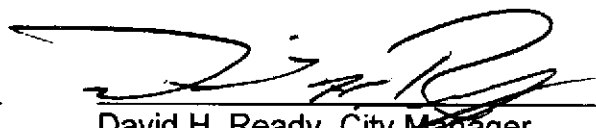

Vendor	Price Quote
Golden Valley Construction	\$117,418.75 (non-responsive)
CV Construction and Engineering	\$141,141.00

City staff reviewed the two bids and in consultation with the City Attorney determined the bid from Golden Valley Construction to be non-responsive for failure to properly execute the formal bid documents and provide their Unit Pricing as was required. Staff is recommending the City Council approve the lowest, responsive, responsible bid from CV Construction & Engineering.

FISCAL IMPACT:

The original staff suggested estimated "place holder" project amount approved by the Measure J commission and City Council was \$130,000. To date, \$6,043.00 has been expended for design and preparation of plans and specifications. An additional \$17,184 will be utilized for the project from Measure J Capital Improvement Account No. 260-4500-59412 – for a project total of \$147,184.
