

## City Council Staff Report

DATE: June 21, 2017

CONSENT AGENDA

SUBJECT: ACCEPTANCE OF DONATION FROM THE AGUA CALIENTE BAND OF CAHUILLA INDIANS IN THE AMOUNT OF \$25,000 AND APPROVAL TO PURCHASE TRAUMA KITS FOR THE POLICE DEPARTMENT

FROM: David H. Ready, City Manager

BY: Police Department

---

### SUMMARY

It is recommended that the City Council accept a donation to the Palm Springs Police Department (PSPD) in the amount of \$25,000 from the Caliente Band of Cahuilla Indians to purchase first responder trauma kits and associated training.

### RECOMMENDATION:

1. Approve the acceptance of a donation award from the Agua Caliente Band of Cahuilla Indians in the amount of \$25,000.
2. Approve the purchase of trauma kits and training from Class VIII (Eight) Research for the Police Department in the amount of \$34,206.75.
3. Authorize the City Manager to execute all necessary documents.

### STAFF ANALYSIS:

Law enforcement officers across the nation are increasingly facing violent assaults, especially those involving firearms. These assaults have caused major injuries and sometimes death. Additionally, innocent members of the community are being assaulted and killed in active shooter and terrorist related incidents, including the recent terrorist related mass-shooting of innocent victims in San Bernardino.

These types of violent incidents often involve multiple victims and/or scenes that are too volatile for medical personnel to enter and can sometimes cause delay in critical first aid being rendered. They also necessitate law enforcement being equipped with the proper equipment and training to provide critical first aid.

ITEM NO. 1.F.

PSPD is asking for approval to purchase 80-Mobility Trauma Kits (MOTK), to be stored in PSPD vehicles, 80-Care Under Fire Individual First Aid Kits (CUF-IFAK), to be stored on officers' active-shooter ballistic vests, and Law Enforcement/First Responder Tactical Casualty Care training, from Class VIII Research, to properly equip and train PSPD sworn-personnel for critical first aid.

FISCAL IMPACT:

The Palm Springs Police Department recently received a community safety contribution from the Agua Caliente Band of Cahuilla Indians in the amount of \$25,000.00 to be used towards the purchase of these trauma kits and associated training. No matching funds were required to obtain these funds.

The total cost of the trauma kits and training is \$34,206.75, including tax. The \$25,000 contribution from the Agua Caliente Band of Cahuilla Indians will be used towards this purchase with an additional \$9,206.75 to be appropriated from the SLESF FY 14-15 fund (261-3201-52101) to complete the purchase. There will be no impact to the general fund.

The market for this type of tactical first aid equipment and training is limited and will be purchased from a local vendor in the Coachella Valley, Class VIII Research. PSPD conducted research on this type of equipment and training and contacted five different vendors for a quote. Only three vendors replied. Of those three, only two vendors offered the proper equipment and associated training. Of those two, Class VIII Research had the lowest quote and met all CAL EMSA (California Emergency Medical Services Authority) requirements. The quotes were reviewed with the Procurement Manager, who concurs with staff's recommendation of award.

Description:

**Law Enforcement and First Response Tactical Casualty Care (LEFR-TCC)**

This course teaches public safety first responders the basic medical care interventions that will help save an injured responder's life until EMS practitioners can safely enter a tactical scene. The course is consistent with the Tactical Emergency Casualty Care (TECC) guidelines, and meets the recommendations of the Hartford Consensus Document on Improving Survival from Active Shooter Events. Successful students receive LEFR-TCC National Association of Emergency Medical Technicians (NAEMT) Certification.

Note: This course includes a practical skills and written examination students must pass to receive NAEMT Certification.

**Phokus Research Group SONS Mobility Trauma Kit (MOTK-1) Vehicle Trauma Kit**

Kit Includes:

- QuikClot Combat Gauze® LE
- H&H Pressure Dressing
- North American Rescue Combat Application Tourniquet
- Nasopharyngeal Airway (NPA)
- HALO Seal Occlusive Dressing
- Z-Fold Gauze
- H&H Medical Cravat
- Nitrile Gloves, pr.
- Container: RF Welded Medical Grade Vinyl, Transparent
- Made in USA. US Patent #8,925,115

**Care Under Fire Individual First Aid Kit (CUF-IFAK) w/QuikClot Gauze**

Kit Includes:

- QuikClot Combat Gauze® LE
- North American Rescue Emergency Trauma Dressing, 4" Flat Fold
- North American Rescue HyFin Vent Compact Chest Seal Twin Pack
- North American Rescue Combat Application Tourniquet
- Phokus Research Flat Fold Medical Tape
- North American Rescue Bearclaw Nitrile Gloves, pr.
- Container: 1000D Nylon MOLLE/PALS Compatible Pouch, Black w/ 2" Laser Cut Medical Cross Patch. Made in USA & Berry Amendment Compliant
- Class VIII Research 100% American Made Custom Kit Configuration

Quote is valid for listed course, equipment and quantities as a package. For maximum training effectiveness and student interaction courses are limited to 25 seats per class. Classes will be held until all purchased seats have been filled. Quote is valid for ninety days from issue date. Prices will be honored for courses purchased within the ninety-day quote period, but scheduled for delivery at a later date.
