

City Council Staff Report

DATE: MAY 6, 2009 CONSENT CALENDAR
SUBJECT: TREASURER'S INVESTMENT REPORT AS OF MARCH 31, 2009
FROM: Geoffrey S. Kiehl, Director of Finance and Treasurer
BY: Department of Finance and Treasury

SUMMARY

Attached is the Treasurer's Investment Report as of March 31, 2009. The report includes the face value and coupon rate (if applicable) of the investments and the source for the market value estimate. The City's total invested cash is \$91,583,640 plus \$24,881,423 in bond issue capital projects, reserve and debt service funds. The market value of the invested cash is \$92,458,544.

RECOMMENDATION:

Receive and File Treasurer's Investment Report as of March 31, 2009.

STAFF ANALYSIS:

The attached report includes the face value and coupon rate (if applicable) of the investments and the source for the market value estimate. Also included is information on the investments of Bond Issue reserve funds, and on loan repayment programs managed by a bank.

The investments, in type, maturity and as a percentage of the total portfolio, are in compliance with the existing City Council-approved investment policy with one exception: the FICO notes (\$500,000, 4/16/18, 9.8%) exceed the 5 year limitation on maturities (Detail of Investments, Long Term Investments, U.S. Govt. Agency Securities). The investment in question was purchased prior to the adoption of the 5-year limitation. Since it appears to represent no additional risk either because of credit-worthiness or liquidity, earlier councils decided to allow it to be retained in the investment pool because the yield is higher than attainable

under current market conditions. We recommend that this exception to the policy be continued.

State law requires this report to be submitted within 30 days of the end of the quarter. Because all of the City's bank accounts may not be completely reconciled, there may be minor adjustments to the cash on hand in the checking account and to the valuation of the bond issue's money market investments. All other amounts are actual.

The weighted average maturity (WAM) of the portfolio is 231 days. The maximum WAM allowed by the Investment Policy is 1095 days. The current portfolio and expected revenue cash flow will be sufficient to meet budgeted expenditure requirements for the next six months and the foreseeable future thereafter.

FISCAL IMPACT:

None
