

HISTORIC SITE PRESERVATION BOARD STAFF REPORT

DATE: April 9, 2019

NEW BUSINESS

SUBJECT: CLARK PELLETT AND ROBERT KOHL ON BEHALF OF THE PSP1000 TRUST, OWNER, REQUESTING APPROVAL TO DEMOLISH A CLASS 3 HISTORIC SITE LOCATED AT 561 CAMINO NORTE (CASE 3.4088 MAA , ZONE R-1-A). (KL)

FROM: Department of Planning Services

SUMMARY

The applicant is requesting approval to demolish the single family residential building at 561 Camino Norte. Pursuant to Palm Springs Municipal Code ("PSMC") 8.05.020 (Definitions), the site was identified in a City historic resources survey as potentially eligible for designation as a historic resource and thus is defined as a Class 3 historic site. Demolition of Class 3 historic sites are processed pursuant to PSMC Section 8.05.130 and require review by the HSPB.

RECOMMENDATION:

Take no further action and refer the application to the Director of Planning Services for further administrative processing to issue a demolition permit.

BACKGROUND AND SETTING:

The date of construction of the subject single family residence in the County database is 1944, however earlier Desert Sun articles suggest the construction date as 1937. The design of the original home is credited to the firm Brewster & Benedict

From review of the building permit history, the dwelling has undergone numerous additions and renovations. The draft Citywide historic resource survey, prepared by Historic Resources Group ("HRG") in 2015 identified the structure as "potentially eligible" for designation as a historic site. This status was given to the property because of its association with architects Brewster & Benedict. The HRG data sheet on the property noted the physical characteristics as "*Spanish Colonial Revival, with an asymmetrical façade, an irregular plan and horizontal massing, hipped roofs with clay barrel tiles and open eaves, plaster veneered exterior walls forming wide, uninterrupted expanses and round arched openings / arcades and wood-sash casement windows with divided lites*".

In review of the background information provided by the applicant, staff is uncertain that

the original home was designed in the Spanish Colonial Revival style, or whether it was done in a California Ranch style with Spanish detailing added at a later time. Three findings raise this question of the home's architectural integrity: (1) a building permit from 1966 denotes, "*Construct arches at porch, add porch and raise roof over garage. Remodel front.*", (2) a photograph provided by the applicant denoted, "*Back of photo shows May, 1959.*" In this photo, there are no arches evident on the structure (the home appears more as a typical California Ranch), and (3) The design and proportions of the arches seen in the contemporary photos of the home are very thin and flat, with an extremely narrow flat wall surface between the arches. These arches seem out of proportion when compared to a typical Spanish Colonial Revival building from the 1930's.

BELOW AN AERIAL VIEW OF THE SUBJECT PROPERTY.

ABOVE LEFT, TYPICAL ARCHED COLONADE

ABOVE RIGHT, ARCHED COLONADE AT 561 CAMINO NORTE

The applicant did considerable background research on the property, the findings of which are attached to this staff report.

Notification

March/April, 2019	Members of the City's Historic Site Preservation Board inspected the site accompanied by City staff.
-------------------	--

Notification

April 4, 2019	Neighborhood organizations were provided the agenda for this meeting pursuant to the noticing requirements outlined in PSZC 94.04.
---------------	--

ANALYSIS

The single family residence located at 561 Camino Norte appears to have been constructed in sometime between 1937 and 1944 according to primary sources. The chain of title for the property lists Janet Bryce Wilson as owner beginning in 1937. No other individuals of historic significance were noted in the materials provided by the applicant.

A Desert Sun article from 1940 about architect Hiram Hudson Benedict (excerpt attached) cites the H. Dalzell Wilson home in Palm Springs as one designed by Benedict (no address is given). The H. Dalzell Wilson residence is also noted in a website listing from "Modern San Diego" (www.modernsandiego.com/benedictiram), this source also does not confirm the address.

The subject dwelling has had numerous additions and modifications over time, including the addition of arches and a renovation to the front of the house in the 1960's. A photograph from 1959 does not reflect the current architectural character of the house, rather, it appears to have originally been a rambling California Ranch style home.

Thus, although the original structure appears to be from the late 1930's or 40's and is reflective of the large, rambling style custom-built home that was typical of this period in Palm Springs history, it lacks architectural integrity, has no evidence of being

associated with persons or events of significance, and no longer reflects the period of history during which the original portion of the home was constructed.

FINDINGS:

In considering an application to demolish a Class 3 historic site, the HSPB must make findings as outlined in PSMC 8.05.130 (D,1 and 2). If the HSPB is unable to make either of these findings, the HSPB shall take no further action and shall refer the application to the Director for further administrative processing and issue the demolition permit. Following is staff's evaluation of the subject structure against these findings:

FINDING 1. That the Class 3 or Class 4 building possesses exceptional historic, architectural, archaeological, cultural or aesthetic significance to warrant redesignation as a Class 1 or Class 2 historic resource; and

The Municipal Code provides Section 8.05.070 (C,1,a) seven criteria to be used in determining whether a site possesses exceptional historic significance. Below is staff's analysis of the structure against these criteria:

(Criterion 1) The resource is associated with events that have made a meaningful contribution to the nation, state or community;

There are no events that have been identified as significant that are associated with the subject site.

(Criterion 2) The resource is associated with the lives of persons who made a meaningful contribution to national, state or local history;

The applicant has provided information that they were able to find on the chain of title and past owners. No specific person was identified that would qualify as having made a meaningful contribution at a local, state or national level.

(Criterion 3) The resource reflects or exemplifies a particular period of national, state or local history;

As evidenced in the building permit history provided by the applicant as well as the diagrams, there have been numerous additions and alterations made to the residence. Although the original date of construction appears to be the 1930's, placing the period of significance as "Palm Springs between the wars (1919 to 1941). The current residence, in its substantially altered state no longer exemplifies this period in local history.

(Criterion 4) The resource embodies the distinctive characteristics of a type, period or method of construction;

The home under consideration appears to have been originally built as a rambling ranch style home in a wide "V"-shaped floor plan. Over time the many additions have

diminished the simplicity of the original layout, creating a somewhat complex amalgam of disparate parts. Staff does not believe it embodies a distinctive type, period or method of construction.

(Criterion 5) The resource presents the work of a master builder, designer, artist, or architect whose individual genius influenced his age, or that possesses high artistic value;

In its present condition the home's original Brewster & Benedict design is no longer discernable. Lacking any documentation of the original floor plan or elevations, removing the many additions in an attempt to restore or replicate the exterior appearance would be "conjectural" at best. Although the Brewster & Benedict firm was very active in Palm Springs during the 1930's, the subject property does not possess high artistic value and lacks sufficient integrity to accurately convey the original Brewster & Benedict design.

(Criterion 6) The resource represents a significant and distinguishable entity whose components may lack individual distinction, as used in evaluating applications for designation of historic districts, for parcels on which more than one entity exists; or

The subject home does not qualify under Criterion 6.

(Criterion 7) The resource has yielded or may be likely to yield information important to national, state or local history or prehistory.

There is no information that was presented in the application to substantiate significance with pre-history.

Based on the analysis above staff found no evidence that the subject building possesses exceptional historic, architectural, archaeological, cultural or aesthetic significance. As such, this finding cannot be affirmatively made.

FINDING 2. *That the Class 3 or Class 4 building retains sufficient historical integrity relative to its original configuration, architectural features, or character.*

Staff evaluated the structure against the qualities of historical Integrity as outlined in PSMC 8.05.070 (c,1,b) below.

1. Location:

The subject home remains on its original lot, and thus retains integrity of location.

2. Design:

The home has undergone significant modifications, additions and changes. It no longer retains integrity of the original Brewster & Benedict design.

3. Setting:

The subject home remains on the parcel on which it was originally built and the neighborhood remains a well-maintained single family neighborhood of custom-built homes. Based upon an early photo of the back of the house, however , the original landscape appeared to be naturalized indigenous desert scrub vegetation. Currently the yards are landscaped with turf, palm trees and other water intensive landscape shrubs. Thus the site no longer retains integrity of setting.

4. Materials:

The home is constructed of wood frame and stucco with two-piece barrel clay roof tiles and exposed rafter tails, however most of the exterior surfaces are from the 1960's which is outside the period of significance of the original structure.

5. Workmanship:

The current exterior appearance reflects the additions and modifications, most of which occurred in the 1960's. The structure does not exhibit a particularly noteworthy quality of workmanship.

6. Feeling:

The quality of "feeling" is the quality that a historic property has in evoking the aesthetic or historic sense of a past period of time. In the case of the subject structure, the many additions and poorly proportioned architectural elements such as the arches do not evoke a true sense of the period of significance (the 1930's) of the home.

7. Association:

Association is the direct link between a property and the event or person for which the property is significant. In this case, staff would assert the association with architects Brewster & Benedict has been obscured by the many later additions and modifications.

Based on the background and analysis above, the building does not retain sufficient historical integrity relative to its original configuration, architectural features or character. As such, this finding also cannot be affirmatively made.

CONCLUSION

The structure at 561 Camino Norte has been substantially modified over time such that it does not possess sufficient historic integrity. It does not meet the definition of a historic site as outlined in the City's Municipal Code in order to be considered for Class

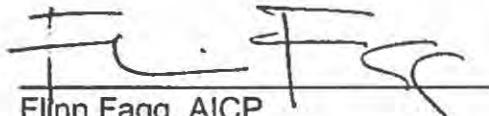

1 historic site status. Staff recommends that the HSPB take no action and allow the applicant to proceed with demolition of the structure.

ENVIRONMENTAL ASSESSMENT

The proposed demolition has been evaluated by the City against the guidelines of the California Environmental Quality Act (CEQA). The City has determined the subject project to be exempt from further analysis under CEQA pursuant to Section 15301, which allows for a categorical exemption determination to be made in cases involving the demolition of a single family residence.

CITY OF PALM SPRINGS
561 CAMINO DEL NORTE

To: Palm Springs Historic Site Preservation Board
From: Owners of 561 Camino Norte, Palm Springs, CA (Subject Property)
Re: Application for Major Alteration of Subject Property, a Class 3 Structure
Date: March 20, 2019

Background

The applicants previously submitted an MAA Class 3 Demolition application for the subject property in April of 2018 and the matter was heard by the HSPB on May 8, 2018. At the hearing, the application was withdrawn by the applicants before any formal action was taken by the board. The applicants proceeded to revise their plans to incorporate and retain some elements of the existing structure, completed permit plans and filed a building permit application for renovation pursuant to PSMC Chapter 8.05 on December 6, 2018, subsequent to the date of the enactment by the City Council of the Interim Urgency Ordinance 1963 on September 5, 2018 (as extended on October 17, 2018). While the departmental review of applicants' building permit application has progressed, granting a permit in this case is subject to the HSPB approving the major alteration of a Class 3 Historic Structure as set forth in Ordinance 1970 enacted on January 23, 2019.

Classification of the Subject Property

The subject property appeared on the draft Citywide Survey, designated as "potentially eligible" and listing 1944 as the year built per county/city. No architect for the property was noted.

In the Citywide Survey that was finalized as of the adoption of Ordinance 1970, the year built "per research" for the subject property is listed as 1937 and the architect is listed as Benedict & Brewster.

Evaluation Criteria pursuant to Ordinance 1970

The subject property is a Class 3 structure eligible for designation as a historic resource as set forth in the Ordinance. Because the applicants' application constitutes a "Major Alteration" as defined in the Ordinance, their application is subject to the provisions of Article IV of the Ordinance and the reviewing authority is the HSPB.

In order for the application to move forward, the HSPB must find that one or both of the following are not true: [per 8.05.130(D)]:

1. That the Class 3 building possesses exceptional historic, architectural, archaeological, cultural or aesthetic significance to warrant re-designation as a Class 1 or Class 2 historic resource;
2. That the Class 3 building retains sufficient historical integrity relative to its original configuration, architectural features or character.

Applicants' Submissions

The applicants have updated and supplemented their May 8 submission by providing additional historical records that were uncovered after the Citywide Survey's building date was revised to 1937, including a few Desert Sun articles connecting the subject property to the architectural firm of Brewster & Benedict, and a postcard from 194? (date illegible) with a photograph of the rear (south) elevation of the property. Efforts were made, without success, to discover plans for the 1937 house on the subject property, or any archives or records of Brewster & Benedict; H.H. Benedict; or Bain, Overturf, Turner and Associates (with whom Benedict was at one time associated).

In response to feedback from members of the HSBC at the May 8, 2018 hearing, the applicants engaged Mark Rios and his colleagues at Rios Clementi Hale Studios to prepare a floor plan of the current structure and documenting, where possible, the additions, removals and other changes that have been made to the property since its original construction.

The RCHS exhibit illustrates, among other things, the following relative to the criteria set forth in the ordinance:

- 75% of the original structure's façade has been destroyed or obscured by later additions (alteration of the original configuration, original architectural features and original character)
- Enclosure of formerly open areas on the south end of the property (alteration of the original configuration and original character)
- Changes to façade, including the addition of plaster arches and decorative iron, and the removal and replacement of the existing oriel windows at the street-facing kitchen (alteration of the original architectural features and original character)
- Enlargement of the original home from 2,692 square feet to 5,506 square feet (alteration of the original character)
- Removal of certain original doors and windows, and the stairway to the original roof lookout (alteration of the original architectural features)
- Raising of the garage roof, changing the original roof line and massing of the façade (alteration of the original architectural features and original character)

Requested Action

The applicants request that the HSBC remove the designation of the subject property as Class 3, and allow the building permit application for Major Alteration to proceed, based on the evidence presented that the subject property does not retain sufficient historical integrity relative to its original configuration, architectural features or character.

Historic Site Criteria (PSMC Chapter 8.05.020)

- (a) (1) Associated with events that have made a meaningful contribution to the nation, state or community

The database of the Palm Springs Historical Society contains no references to the subject property address, to any of the past owners of the property, nor to the one architect whose name appears to be connected to the property.

Google search of the subject property address does not provide any information about events of any kind associated with the subject property, other than an association with the name of the original architect (see *The Desert Sun of Palm Springs*, Friday, March 22, 1949, page three: "H. H. Benedict Returns and Opens Office Here", in Attachment D, which references the original subject property owner but not the subject property address).

- (a) (2) Associated with lives of persons who made a meaningful contribution to the nation, state or community

The following are all of the prior owners of the subject property, from most recent to oldest. NOTE: None of the prior owners' names appear in the database of the Palm Springs Historic Society. The information below is obtained via Google search. The complete title search documentation is provided in Attachment G.

May 30, 2000 purchased by Stephen A. and Carol H. Girard:

The Girards own Benton-Lane Winery in Monroe, Oregon. They previously owned Girard Winery in Napa, CA. No other public information available.

August 31, 1999 purchased by Chester L. and Sylvia M. Burnett:

No public information available for Chester L. Burnett (Deceased. No public obituary can be found) or Sylvia M. Burnett (currently living in Corona del Mar, CA).

April 28, 1977 purchased by Robert N. and Leslie A. Gebhart:

Dr. Robert N. Gebhart is a retired ENT-otolaryngologist living in Rancho Mirage, CA.

Leslie Gebhart was named an "Influencer" by *Palm Springs Life* magazine on September 26, 2007. She was described in the article as follows:

*"A behind-the-scenes volunteer for several Coachella Valley organizations, this life coach has shared advice for overcoming life's roadblocks with the Braille Institute and Lucy Curci Cancer Center, as well as individual clients. She has offered her services in schools as a volunteer in support of children whose home situation is compromised by family alcoholism or drug addiction and has co-authored three books, including *The Not-So-Scary Breast Cancer Book*."*

February 6, 1976 purchased by W.A. Wills and Jennette Wills:

No obituary or other public information available.

March 18, 1959 purchased by Benjamin and Hazel Fairless:

Benjamin Fairless was a steel executive, including Chairman of US Steel, and he served on several federal commissions and boards. Extensive labor unrest and union steelworker strikes occurred during his leadership, and news articles from that period reference him in connection with labor/management struggles.

There are references to Benjamin Fairless as a "society" resident of Palm Springs in these books and publications: *The Right People: The Social Establishment in America*, by Stephen Birmingham; *Land of Necessity: Consumer Culture in the United States*, by Alexis McCrossen; *The Frontier of Leisure: Southern California and the Shaping of Modern America*, by Lawrence Culver. *City of Palm Springs Citywide Historic Context Statement and Survey Findings* lists B. Fairless as an "other owner" of the property.

November 24, 1954 purchased by John G. and Margaret Meilink:

There is no information available for John or Margaret Meilink other than this obituary for John G. Meilink:

THE DAILY SUN, [San Bernardino] Wednesday, Sept. 4, 1957. JOHN G. MEILINK.

John G. Meilink, 68, of Palm Springs, and a summer resident at Lake Arrowhead, died Monday in a Lake Arrowhead hospital. He was a native of Ohio, and had lived in Palm Springs and maintained summer residence at Lake Arrowhead for three years. He was a retired newspaper publisher and a veteran of World War I. He is survived by his widow, Margaret. The Knopsnyder Mortuary of Colton will ship the body to Toledo, Ohio, today for services and interment.

April 9, 1951 purchased by Carl and Beatrice Stolle

Their names appeared in the 1954 Palm Springs telephone directory at the subject address.

No obituaries or other information found

May 4, 1946 purchased by Jay H. Parsons:

No record of Jay H. Parsons. No obituary can be found. *City of Palm Springs Citywide Historic Context Statement and Survey Findings* lists Parsons Jay H. as an "other owner" of the subject property.

March 6, 1937 land purchased by H. Dalzell Wilson and Janet Bryce Wilson:

Name of H. Dalzell Wilson appeared in the newspaper on March 22, 1949 as having had a home designed by Hiram Hudson Benedict (see Attachment D). In addition, *City of Palm Springs Citywide Historic Context Statement and Survey Findings* lists Wilson, H. Dalzell as "original owner" of the subject property (see Attachment D).

Note that the Desert Sun article mentions the architect and firm names H.H. Benedict; Finlayson and Benedict; and Brewster and Benedict. None of these names appear in the database of the Palm Springs Historical Society. Benedict's name and bio appear in the *City of Palm Springs Citywide Historic Context Statement & Survey Findings, Appendix C* (see Attachment E).

The wedding announcement of H. Dalzell Wilson and Janet Bryce appeared in the *Pittsburgh Index* on February 1, 1908 on page 10, the section titled "The People and Affairs of the World of Society." The announcement read: "The wedding of Miss Janet Bryce, the daughter of Mr. Marion G. Bryce, of Darragh street, and Mr. Henry Dalzell Wilson, on next Tuesday evening, will be one of the important events of the coming week. It will be a charmingly appointed home wedding at which the Rev. Dr. Daniel Russell, pastor of the Bellefield Presbyterian church, will officiate. Several informal entertainments are being given for the bride previous to the wedding."

(a) (3) Reflects or exemplifies a particular period of the national, state or local history

The present house at the subject property has a rambling floorplan, pink stucco façade, sloped Spanish tile roof, arched windows and doorways, and decorative scrolled ironwork on all of the archways and windows -- characteristics of Spanish Hacienda style architecture, a style that was popular in Palm Springs and other parts of the state over several decades, but did not exemplify a particular period of time. Photographic evidence (snapshot of the rear of the house in May, 1959 depicting a California Ranch style) and building permits from the period of 1959-1968 illustrate that the appearance and character of the house has been substantially modified subsequent to the date of that photograph.

(a) (4) Embodies the distinctive characteristics of a type, period or method of construction

Not apparent or cannot be determined.

(a) (5) Presents the work of a master builder, designer, artist or architect whose individual genius influenced his age; or that possesses high artistic value

One deduces from the available data, that the architect H.H. Benedict designed the house as shown in the May 1959 photograph. As of May 1959 the house appeared to be a smaller California Ranch, with white stucco facade and rectangular wooden doors and windows. One deduces from the current conditions and the building permits that the present pink colored stucco, enclosed porches, arched doorways and windows and all of the ironwork were added in 1959, 1962, 1966 and 1968, significantly enlarging the home, and substantially altering the appearance, layout and character of the house from its former condition to a Spanish Hacienda.

The architects of the Fairless family's renovations of 1959-1968 or of the Gebhart family's renovations of the 1970's cannot be determined. Annotated photographic evidence suggests that the Gebhart family did much of the renovation work in the 1970s themselves. The name H. H. Benedict, the presumed architect of the original house (there is no original building permit in the City records) is listed in the *City of Palm Springs Citywide Historic Context Statement & Survey Findings, Appendix C*, though his work is not cited elsewhere in that document. His name does not appear in the database of the Palm Springs Historical Society. There is no scholarship that indicates that H.H. Benedict was viewed as "genius" or was highly influential of his age; what scant information is available about him does not point to any architectural style for which he would be noted. NOTE: See Attachment F for information about H.H. Benedict from *Modern San Diego*; this was the only biographical information available through Google search). The subject property does not possess high artistic value.

(a) (6) Presents a significant and distinguishable entity whose components may lack individual distinction

Not applicable.

(a) (7) Has yielded or may be likely to yield information important to national, state or local history or prehistory

Not applicable.

Records Search from the City of Palm Springs

Records Search from City of Palm Springs

A Request for Public Records at the City of Palm Springs was made on February 27, 2018.

Copies of all building permits were provided by the City on March 12, 2018.

The Planning Department did not find any records to add to the building records.

All records and receipts and emails from the City are contained in Attachment A.

Pertinent Information from Building Permits Indicating Significant Change from Original Structure

There are a great number of building permits applied for by a number of the prior owners of the house. Significant remodeling and the addition of the tennis court were undertaken by the Gebharts in the 1970s.

Significant changes were made by the Fairless family in the period of 1959-1968 which altered the exterior appearance and architectural character of the original house by adding porches to the northwest part of the house, enclosing the rear porch, and adding the arched openings and arched façade and decorative ironwork. There is a photograph of the rear of the house from May, 1959 showing what it looked like before these renovations/additions (See Photograph 1 in Attachment B).

Five building permits from the City of Palm Springs applied for by B. Fairless and Mrs. Hazel Fairless describe the most significant exterior changes, as follows (copies of the permits follow this page):

1/28/59: 1000 sq. ft. Addition ("Add frame patio cover")

3/14/62: 800 sq. ft. ("Const. Frame Porch, Compo Roof")

12/12/66: 800 sq. ft. add porch ("Construct arches at porch, add porch, and raise roof over garage. Remodel front")

12/12/66: "Remodel front of house"

2/1/68: 300 sq. ft. add Porch ("Open Patio Roof, tile trim, compo roof")

Based on these permits, a 1959 photograph, and visual examination of the property, an aerial depiction of the areas evidently added to the original structure during the period of 1959-1968 is presented in Attachment C, and as indicated in Photographs 2-7 in Attachment B.

Replace gas line to existing spa heater. Same location.

Special Conditions:

DO NOT CONCEAL OR COVER ANY CONSTRUCTION UNTIL THE WORK IS INSPECTED

IMPORTANT

The issuance of this permit shall not be held to be an approval of the violation of any provisions of any city or county ordinance or state law. Inspections of work are subject to an approved set of plans being on the job. Changes to plans are not to be made without permission of the Building and Safety Divisions.

The owner and/or contractor is responsible for establishing all property lines. All utilities must be underground.
his permit will expire if work is not started in 180 days or if more than 180 days elapses between inspections.

I certify that I am familiar with all requirements of the City of Palm Springs as they apply to this permit and understand that these requirements must be completed prior to final inspection and that no certification of occupancy will be issued until such time as these requirements are met. I certify that I have read this application and state that the information is true and correct.

INSPECTION INFORMATION

No work shall be concealed without a signature by the inspector.

The approved plans and this card must always be available to the Inspector. Preserve this record.

A permit shall expire and become null and void if substantial work is not commenced within 180 days, or if the work is suspended or abandoned for a period of 180 days. If the work is progressing but approaching the end of the 180 day period from the last recorded day of a passed inspection, a progress inspection must be obtained to keep an active permit.

RE: REROOF ON 561 CAMINO DEL NORTE

The Roof Inspectors
2669 N. Palm Canyon Dr.
Palm Springs, CA. 92262

Dear Mr. Zepeda,

Thank you for the opportunity for bid submittal on your home. We propose to furnish and install the roofing on the above referenced project as follows;

Removal of the Old Roof: We will remove all existing plys of roofing material along with detail metal and flashings. In this way we can inspect the substrate material to assure there is no structural damage. Replace damaged substrate at the cost of \$45.00 per 4'x8'x1/2" sheet. All trash to be removed off site on a daily basis and sidewalk areas to be swept.

Built Up Roof Specifications: Application of a 4 ply fiberglass impregnated roofing system to include: Install one layer of #75 glass base sheet secured with simplex type fasteners on 12" centers on lapping edges and 18" centers through center of the field. Mop 3 layers of #11 glass ply sheet with 25 lbs. of asphalt per ply per 100 sq.' Finish surface to be 400 lbs. of 3/8" dolomite gravel (white) embedded in a 50lb. flood coat of asphalt per 100 sq.' Use of pure dolomite gravel will enhance reflective qualities and therefore lower ambient roof temperatures. We use only all American made products, GAF brand or its equivalent.

Metal Work and Detail Areas: Replace all flashings where necessary. Apply plastic cement and webbing in three course fashion at detail areas as required. Paint all exposed plastic cement areas to protect from ultra violet damage.

NOTE: Remove tiles along flat decks prior to roofing installation to properly secure material to existing tile decks. Then replacing tiles back to a uniform look.

+ 6,821
Contract Amount

REQUIRED MATERIALS

1. Plot Plans - two copies drawn to scale, to include the following information:

- A) Scale and north arrow
 - B) Location of solar system

Please indicate system dimensions and orientation, adjacent street(s), property lines, roof outline, approximate location and type of neighboring structures, pool/spa outline including square footage and pool equipment if applicable.

- C) Location of any significant trees or other obstructions to solar access

2. Detailed Roof Plan - two copies drawn to scale (when roof mounted systems are proposed)

Indicate placement and orientation of solar system, including all roof dimensions and pitches, indicate peak line(s) and architectural features, e.g., sky lights and clerestory, etc. Delineate overall height of proposed system from both the supporting roof location and pad grade.

(Note: overall height may not exceed building height, contained in Section 9303.00 of the Palm Springs Zoning Ordinance.)

3. Rack Systems

Indicate all materials and dimensions. Roof mounted racks shall be enclosed on all three sides with materials matching those utilized in the construction of the structure. This latter requirement may be waived if the proposed solar system is completely screened from view.

Some ground mounted racks may also require enclosures.

4. Submit photographs of existing structure, front, sides and rear view(s).

5. Applications involving condominiums shall be accompanied by a letter from the homeowner's association stating the exact nature of the project and the proposed location.

Please be advised that all new solar systems must meet the current requirements as stated in the Uniform Solar Energy Code.

Your indulgence, in conjunction with a complete and accurate submission will expedite staff review of the proposed solar system. Please submit the requested information, required fees and completed application forms to the Permit Center located in Palm Springs City Hall. Your application will be reviewed by Planning Division staff for conformance with applicable codes and ordinances within two (2) days.

CITY OF NEW ORLEANS

CITATION
CITY OF PALM SPRINGS BUILDING DEPARTMENT

Palm Springs, California

9/13 1966

To: Mario Quezada

Address: 22 - 430 Sierra St.

Palm Springs, California

You are hereby notified that the following conditions, namely: height of existing garden walls (masonry) extended without permit & inspections existing on property at 561 Camino Verde in said City constitutes a violation of P.D. & S. Ordinance No. Chapter 8 and Chap. 3, Sec. P.S. Kindly abate and remedy within 10 days, in the following manner:

Remove all extended portions of masonry garden walls. Failure to comply with this order will result in action by the City Attorney of Palm Springs.

A failure to comply with the orders contained in this notice will subject you to the penalties imposed by ordinances violated.

John C. Sanders
Cloud Chapin
Bldg. Imp.
S. NO. 24

By Order of John C. Sanders, Director

Building Inspector, City of Palm Springs

CITATION

CITY OF PALM SPRINGS BUILDING DEPARTMENT

Palm Springs, California

June 9, 1966

To: Arthur Eirod

Address: 586 North Palm Canyon Drive Palm Springs, California

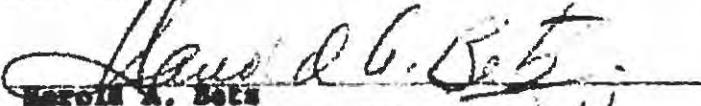

You are hereby notified that the following conditions, namely: Walls, which do not contain proper re-enforcing, have been extended in height.

existing on property at 561 Camino del Norte ^{Notice} in said City constitutes a violation of Palm Springs Ordinance No. Chapter 8 Sec. No. 303 (a).

Kindly abate and remedy within 48 hours, in the following manner:

Remove all illegal work done without benefit of permit and in violation of above-captioned Ordinance. This job was red-tagged on 5-20-66 and another notice was left on 5-23-66.

A failure to comply with the orders contained in this notice will subject you to the penalties imposed by ordinances violated.

HAROLD G. SETZ
SENIOR BUILDING INSPECTOR

My Order of John C. Sanders, Director

Building Inspector, City of Palm Springs

The Desert Sun of Palm Springs, Friday, March 22, 1949, page three: "H. H. Benedict Returns and
Opens Office Here"

H. H. Benedict Returns and Opens Office Here

Hiram Hudson Benedict, last season associated with Robert Finlayson in an architectural business here in Palm Springs, has returned to this city and this week opened an office in the McManus building at 315 North Palm Canyon Drive. Mr. and Mrs. Benedict returned to Palm Springs after spending nearly a year in Phoenix, Arizona. Mr. Benedict came to Palm Springs for the first time in 1935, and since that time has designed many of this community's finer homes and buildings while a member of the firm of Brewster and Benedict and later as a member of the firm of Finlayson and Benedict. Among the local homes and buildings designed by Mr. Benedict are the following; Pacific Building, Colonial Lounge, Town House, Palm Springs Hotel remodeling, Lone Palm, Frank Pershing home, Blanche Brill residence, two Bullock's demonstration homes, Alvah F. Hicks home, Lloyd Simon home and the Earl Gibbs house. He also designed the H. Dalzell Wilson home, the Dr. Bacon L. Clifton building, La Cita Apartments, the Milton Hicks and the Karl de Laittre residences. Several of these jobs have been published in national magazines. Following a very busy season at Phoenix, Mr. Benedict was called back to Palm Springs to start a large addition to the Karl de Laittre home.

Plans were submitted to contractors this week for the Carl deLafitte home, in the north part of town. It will be a large residence. The plans were prepared by the architectural firm of Brewster & Benedict, who also drew the plans for the following residences:

Work has been resumed on the residence for Mrs. Blanche Brill in the northwest corner of Las Palmas Estates. Construction was stopped during the heat of the summer.

Work was also started again on the H. Dalzell Wilson residence in Las Palmas Estates.

The additions to the Colonial House are also being finished this week and a huge reception will be held tonight in the new reception building. The north wing of the building was also enlarged, making it the same size as the south wing, which was built last year.

William Mario is the contractor on the Brill and Wilson residences and the Colonial House.

One of the most interesting improvements is under way in the construction of the addition to the Henry Weinberger residence, which was formerly the R. H. Hood estate. The main addition is two stories in height and will have a unique stair hall with a circular stairs with wrought iron hand rail. The lower floor will have an exceptionally large living room, and the sleeping quarters will be on the second floor.

The heating system will be converted into an electric cooling system next spring when the warm weather sets in, the same equipment to be used for both heating or cooling.

As soon as the new additions are completed, alterations will be made in the main building.

Mr. Weinberger is an executive of the Columbia Broadcasting Co., and he spent this summer in Europe. He is in Chicago at present, but will return to Palm Springs early this month.

Mr. and Mrs. Dalzell Wilson of Pasadena are building a new home on Camino del Norte in Las Palmas tract.

Brewster and Benedict Design Many New Projects

The architectural firm of Brewster & Benedict has plans underway for some very important residences and business buildings. Among these are a combination store, apartment and hotel building near Del Tahquitz Hotel on Palm Canyon Drive, for Harry Mutascio, owner of Harry's Palm Springs Cafe.

Others include improvements and additions for Charlie Hill's Lone Palm apartment court; recreation room and more bungalows for Thelma Wertheimer's Colonial House; Roy Seeley residence in Tahquitz Desert Estates; Alvah Hicks residence in Las Palms Estate to be constructed of the new 12x24-inch stone tile; Bud Guthrie residence in Little Tuscany; Katherine Finch residence; Earl Gibbs home in Little Tuscany; Edward Merritt home in Little Tuscany; Frank Pershing adjoining his famous Town House; addition to Henry Weingorger residence in the R. R. Bush tract; extensive additions to the home owned by Mrs. Ludovica Graham, and others.

Homes designed by this busy architectural firm and now under construction include the home for the famous Hal Forrest in Indian Trail Park tract. (Mr. Forrest is the originator of *Tallspin Tommy* comic strip) also the Dalzell Wilson home in Las Palms.

Completed projects designed by Brewster & Benedict include additions to the Goff Hotel; Lloyd Simon residence in the Bush tract; two units added to Lone Palm court; Paul Kersten residence west of El Camino Electric shop; Bullock's Demonstration Home which sold yesterday for \$23,000; the \$50,000 Pacific Stores building at the corner of Tamarisk Road and Palm Canyon Drive now nearing completion; Morris Cohn residence in the Mel tract; Earl Strebe ranch home near Desert Sands tract; the Walter Kirschner residence in the Hood tract.

Brewster & Benedict have a large staff in their new office on Palm Canyon Drive just north of the Standard Oil Station. They plan to keep the organization intact and busy throughout the summer. Besides

Floyd Brewster, member of the American Institute of Architects, and his partner, H. H. Benedict, the staff consists of Martin Williamson, Clair Lukins, Charles Klingerman (color artist and draughtsman), William Vandet, John Cook, and Miss Eula Morrison, secretary.

the world with more than 400 employees and offices in San Francisco, New York, Houston, and Chicago.

In addition to Bullock's Pasadena, Becket's retail projects included some two dozen other Bullock's stores including locations in Palm Springs, Westwood (Los Angeles), Sherman Oaks (Los Angeles), Lakewood, La Habra, and Northridge (Los Angeles); Buffum's Department Store in Santa Ana; Seibu of Los Angeles; and malls such as Fashion Island in Newport Beach. Other notable works include the circular Capitol Records tower in Hollywood, the Cinerama Dome, the Music Center in downtown Los Angeles, the Santa Monica Civic Auditorium, and the Beverly Hilton Hotel in Beverly Hills.

Becket is credited with transforming the cityscape of postwar Los Angeles with his many commercial and institutional designs. He was one of the most influential architects in the development of Los Angeles, and founded a practice that became one of the nation's largest architectural firms. He died in 1969 at the age of 66.

Benedict, Hiram H. (1901-1984), AIA

Born: Riverside, CA

Education:

Firms: Bain, Overturf, Turner and Associates

Hiram Benedict, AIA, did not attend college, but worked in Los Angeles as an architectural draftsman by 1920. In 1922, Benedict was employed by George Washington Smith in Santa Barbara. By 1935, Benedict had taken up residency in Palm Springs, where he joined Gepe Verge as an architectural draftsman. He returned briefly to Palm Springs after World War II, and established an office for the Seattle firm of Bain, Overturf, Turner and Associates. After a few years, he moved to Phoenix, where he designed the Paradise Valley Country Club (1953) and the Carl Hovgard Residence (1967) in Carefree. Benedict also designed the Ranch-style Phil Harris and Alice Faye Residence (c. 1952) at Thunderbird Country Club and the award-winning Half Moon Inn (1960) in San Diego.

Berkus, Barry Alan (1935-2014), AIA

Born: Los Angeles, CA

Education: University of Southern California

Firms: Berkus Design Studio; B3 Architects

Black, Michael Allan (1937-2008), AIA

Born: Santa Rosa, CA

Education: University of Southern California, 1961

Firms:

Palm Springs-based architect Michael Allan Black, AIA, graduated from USC in 1961. Black designed post-and-beam and shed-style modern buildings. Black is best known for his Palm Springs residential, commercial, and institutional architecture including the Moore Residence (1968), the Strube-Gibson Residence (1969) and the Ajalon Baptist Church (1969). In 1971, Black was appointed to the city's architectural advisory committee.

Statement of Significance

This property is significant as an example of pre-World War II residential development in Palm Springs, when important figures in film, finance, and business continued to flock to the desert in the winter, helping to cement the village's reputation as one of the nation's top winter resort destinations. It is also significant for its Spanish Colonial Revival-style architecture. It exhibits quality of design and distinctive features, including its sprawling plan and arcaded entrance portico.

Notes/Additional Information

The first residential subdivisions were recorded in the early 1920s on tracts largely concentrated on land immediately surrounding the existing village and the resorts. In the 1920s, business tycoons, industrialists, and other wealthy businessmen, along with the Hollywood elite, discovered the desert and began to transform Palm Springs into an international resort. While the movie stars primarily stayed at the resort hotels when visiting Palm Springs, other wealthy residents and seasonal visitors started building architect-designed estates and drawing increased attention to the growing resort town. In addition to the resort-related development for the entertainers and the neighborhoods where the wealthy industrialists started constructing their winter homes, the city has a collection of early residential neighborhoods that developed to accommodate the growing permanent settlement. This property is located in Las Palmas Estates, subdivided by Prescott T. Stevens in 1926. Hollywood celebrities, Los Angeles businessmen, and Eastern and Midwestern snowbirds soon were building homes in Las Palmas Estates. As a result, Las Palmas Estates was referred to by Los Angeles society columnist Joan Winchell as "The Bel-Air section of Palm Springs."

Hiram Hudson Benedict (1901-1984)

Considering that he had no college education and basically learned by the seat of his pants, he was a great talent and his projects were well received. He was...a great salesman. He would sketch upside down in front of clients and that alone knocked their socks off." - Don Woods

Hiram Hudson 'Benny' Benedict reportedly grew up in Riverside, did not attend college, and worked as an architectural draftsman in Los Angeles by 1920. Around 1922, he is known to have worked briefly for architect George Washington Smith in Santa Barbara. By 1935 Benedict had moved to Palm Springs where he worked for Gene Verge as an architectural draftsman, before launching the partnerships of Brewster & Benedict and Finlayson & Benedict. He left Palm Springs for a single-year (1939-1940) stint in Phoenix. Returning to Palm Springs in 1940, Benedict opened an office in the McManus building at 315 North Palm Canyon Drive.

During World War II, Benedict served the US Navy as an architect. In 1946, he returned briefly to Palm Springs and established an office for the Seattle firm of Bain, Overturf, Turner and Associates. After a few years, he returned to Phoenix.

After acquiring a site on Camelback Mountain in the early 1950s, a group of prominent investors (including Hollywood stars John Ireland, Joanne Dru and Charlie Chaplin's son Sydney) hired architect Benedict to design a clubhouse and a prototype casita. Benedict and Ireland developed the clubhouse, five tennis courts and a prototype casita that became John Ireland's Arizona home. The project was known as the Paradise Valley Racquet Club throughout the 1950s and is now named Sanctuary on Camelback Mountain.

Benedict reportedly had a string of eight marriages. He married Margaret, his first wife, and divorced her in 1936. Hiram was married to his 3rd wife, Lucile, between 1951-1954. She died in '54. Later that year, he married Capi – who also died within the calendar year. In 1955, Mr. Benedict reportedly married and divorced his wife, Evelyn, in the same month. One family member recalls him marrying one of his wives twice.

In 1955 Benedict married Lois Grace, an artist, who returned to Arizona after living in La Jolla. Lois would design landscapes for many of his projects. While little is known about Benedict through the 1960s and '70s, his residence was noted as being in Carefree, Arizona in both the 1962 and 1970 AIA directories.

Sedona, Arizona-based architect Don Woods, worked for 'Benny', "He gave me my first job in Scottsdale in 1958. Taught me a lot...Taught me how to do mechanically drawn perspectives, and in fact I laid out all of the perspectives for him to draw for at least three or four years including Half Moon Inn on Shelter Island... I went to San Diego for the summer and fall of 1959 to share in the drafting of the plans."

According to Woods, "Benny was good friends with the developers of Carefree -- Tom Darlington, K.T. Palmer and Les Rhart... He did the first buildings in the new community... Claire Booth Luce, Loyal Davis (Nancy Reagan's parents), Henry Sturgis, Eugene Casserole and Howard Ahara were among his early clients in the Scottsdale and Biltmore area..."

Prior to becoming the Sanctuary on Camelback, the land that became Paradise Valley Racquet Club, according to Woods, "...was purchased at an auction by John Gardiner and some investors... included 25 acres... Benedict was then hired in association with Richard Caviness to design the units." Following this project Benedict and Caviness would continue to work together.

Benedict served filmmaker Antonioni as technical advisor for *Zabriskie Point* (1970). The home Boulder Reign, which he designed for Carl Hovgaard, was used both as a shooting

cation as well as a scale model which is famous to own apart at the end of the film. "I believe that the house was later purchased by Rusty Lyon who was a partner in Westcor, the premier shopping center developer in the Phoenix. Rusty's son Scott is one of the partners in Sanctuary on Camelback – which was once called John Gardiner's Tennis Ranch on the Camelback, the same fellow who developed Enchantment, a luxury resort in Sedona, according to architect Don Woods. Woods "...was responsible for the remodeling of the original residence on the property and the first six casitas as well as the major two tennis courts and pool for the owner prior to Gardiner."

Hiram and Lois lived in Las Vegas in the mid-70s where he was reportedly working on the Dunes casino and at least one residence. Hiram and Lois retired to Nordian, Washington – where he passed away in November 1984. Lois died in September 1988.

I continue to seek information on Mr. Benedict. Drop me a line [HERE](#) with any information you have.

Subject: Order number 210-1859222-10 - 561 Camino Norte, Palm Springs CA

Hi Darlene. I'm wondering if you can help me with some research I'm working on, regarding our captioned property.

I see in the Property Profile a partial chain of title going back to a 1999 transaction. We know that the property was built in 1944 and I'm wondering if it's possible to get a chain of title going all the way back to the original owners and, if so, how can we get that information?

I'm copying Lory Martinez who was our closing agent on this purchase. Thanks for your assistance!

Robert Kohl

10 IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA
11 IN AND FOR THE COUNTY OF RIVERSIDE

12 In the Matter of the Estate of
13 JOHN G. NEILINK,
14 Decedent.

No. 18229

ORDER APPROVING REPORT,
ACCEPTING WAIVER OF ACCOUNTING
AND DECREE OF DISTRIBUTION

15 The petition of Margaret Kirch Neilink, as Executrix of
16 the Last Will of John G. Neilink, deceased, for order approving
17 her report, accepting waiver of accounting and for distribution,
18 the firm of Best, Best and Krieger appearing as attorneys for
19 said petitioner, coming on regularly to be heard this 16th day of
20 May, 1958, the Court, after examining the petition and hearing the
21 evidence, finds:

22 That due notice of the hearing of such petition has been
23 given as required by law; that notice to creditors has been duly
24 given as required by law; that all the allegations of said
25 petition are true; that all inheritance taxes, personal property
26 taxes, income taxes and federal estate taxes have been paid; and
27 said report should be approved, said waiver of accounting accepted
and distribution ordered as prayed for.

28 IT IS THEREFORE ORDERED, ADJUDGED AND DECREED by the Court
29 that notice to creditors has been duly given as required by law,
30 and that said Executrix has in her possession belonging to said
31 estate the hereinafter described property at the appraised value,

1.

box 2274 rec 411

box 2274 rec 411

1 the executrix having paid from her own funds all of the expenses
2 of administration of said estate, including the fees of her
3 attorneys, income taxes, inheritance taxes and federal estate
4 taxes, and having waived any further accounting and any fees for
5 her services as executrix herein; that said report is approved
6 and said waiver of accounting hereby accepted, and that all of the
7 residue of the property of said estate hereinafter described and
8 all other property belonging to said estate whether described
9 herein or not, be and the same hereby is distributed to MARGARET
10 KIRK MEILINK, sole devisee named in said Will.

11 That the property of said estate hereby distributed, so
12 far as the same is known, is described as follows:

ITEM NO.	DESCRIPTION
14 (1)	Commercial Account at Bank of America, Palm Springs, California, with a balance of \$2,603.70;
15 (2)	1069 shares The E. W. Scripps Co., Series A, Cum. Pfd. stock;
16 (3)	1723 shares The Scripps Howard Investment Co., common stock;
17 (4)	1 share The Westwood Country Club Co.
18 (5)	Residence property located at 561 Camino Del Norte, Palm Springs, in the County of Riverside, State of California, described as: Lots 1 and 2, Block "P" Las Palmas Estates, as shown by map on file in Book 15, pages 15 and 16 of Maps, Riverside County Records; TOGETHER with 4 shares Whitewater Mutual Water Company stock appertaining thereto.
19 (6)	Household furniture located on above property;
20 (7)	Commercial Account at National City Bank of Cleveland, Ohio, with a balance of \$1,124.39; <i>Stamps A1SS</i>
21 (8)	Chrysler Imperial 2 door Sedan, Motor No. GME7-25774;
22 (9)	Social Security payments due to decedent during his lifetime, amount of \$1,029.00.

TO } DEED
JANET BRYCE WILSON }

BANK OF AMERICA NATIONAL TRUST & SAVINGS ASSOCIATION, successor to the MERCHANTS NATIONAL TRUST AND SAVINGS BANK OF LOS ANGELES, a National Association, successor to Hellman Commercial Trust and Savings Bank, for and in consideration of (10.00) ten dollars, to it in hand paid, the receipt of which is hereby acknowledged, does hereby grant to JANET BRYCE WILSON, a married woman, all that real property situated in Las Palmas Estates, Palm Springs, County of Riverside, State of California, described as follows:

All of Lots One (1) and Two (2) Block "F" of Las Palmas Estates as shown by map on file in Book 15, pages 15 and 16 of maps, Records of Riverside County, California.

~~Also, subject to the limitations and conditions herein expressed, a one two hundred and seventh (1/207th) proportionate interest in one half of the water rights conveyed to Hellman Commercial Trust and Savings Bank, (of which Merchants National Trust and Savings Bank of Los Angeles is the successor) by Prescott T. Stevens, by deed dated April 20, 1926, recorded in Book 579 of Deeds, Page 280, Records of Riverside County, California, it being intended that the grantee shall be entitled to receive and use for irrigation upon the real property hereby conveyed, one two hundred and seventh (1/207th) of all water obtained from one half of the said water rights so conveyed to said bank, which proportionate share of said water rights is hereby declared to be appurtenant to the real property hereby conveyed, and title to which shall pass with the title to the real property, and not otherwise.~~

The conveyance of such proportionate interest in said water rights is made upon condition that the grantee, his heirs or assigns, shall pay and discharge his and, or their proportionate share aforesaid, of the upkeep and maintenance, including replacements, of the present irrigating system, and like proportion of the cost of distributing irrigating water derived from said water rights to the parcels of real property making up said tract and entitled to the distribution of said water; subject to the further condition that the owners of lots in said tract may, by majority vote from time to time select a manager or committee of managers to take charge of and handle the distribution of said water and to decide all questions relating thereto, P.M.B. with power to said manager or committee to formulate rules and regulations respecting K.E.M. the rights of the water users and regulating same, not inconsistent with the conditions herein expressed, which rules and regulations shall be binding upon the grantee, his heirs and assigns, and which the grantee for himself, his heirs and assigns, agrees to keep and be governed by.

Subject to:
1. Taxes Second installment general and special taxes fiscal year 1936-37.
2. Reservations, easements, rights-of-way and conditions of record.

IT IS UNDERSTOOD AND AGREED, that this conveyance is made and accepted, and said realty is hereby granted, upon such of the following express conditions, provisions, restrictions, covenants and reservations (hereinafter referred to as "conditions") as may, by their terms, be applicable thereto, which conditions shall apply to and bind the parties hereto, their and each of their heirs, devisees, executors, administrators, successors and assigns, and which conditions are imposed pursuant to a general plan for the improvement of Las Palmas Estates, as shown by the map on file in Book 15, pages 15 and 16 of maps, Records of Riverside County, California, (hereinafter in these conditions referred to as "said tracts") and each and every lot in each Section thereof, as hereinafter defined, and are designed for the mutual benefit of the grantor as well as each owner of a lot or lots in each such Section, or of any interest therein, and as to each such Section shall insure to and pass with each such Section and every lot therein. It is also understood that the term "lot" shall be deemed to mean a lot as shown upon the map of said tract or any separate parcel of ground which the Architectural Committee hereinafter provided for, may hereafter designate as a separate building site.

Said conditions are imposed upon said realty as an obligation or charge against the same for the benefit of each and every other lot in the same Section as such realty, and the owner or owners thereof, and with the right of enforcement of said conditions and each of them vested in the owner or owners of any one or more of the other lots in said Section, and similar conditions either have been or will be imposed upon each and every lot in said Section.

For the purpose of said conditions, said tract is hereby divided into groups of blocks, hereinafter referred to as "Sections" and designated by letters as follows, to-wit:

Blocks B to F, inclusive, and Blocks H to K inclusive, designated as Section A; and Blocks A and G, designated as Section B.

Said conditions are as follows, to-wit:

Clause (1): That there shall never, at any time, be erected, permitted, maintained or carried on, upon any lot in said tract, or any part thereof, any saloon or place for the sale or manufacture of malt, vicious or spirituous liquors, any foundry, blacksmith shop, repair shop or manufactory of any kind; any undertaking establishment, crematory, hospital, sanitarium, asylum or institution of like or kindred nature; nor any noxious thing, trade of business nor shall there at any time be permitted to be kept upon said tract any goats, cows, hogs or other noxious or objectionable farm animals.

Clause (2): That there shall never at any time be erected, permitted, maintained or carried on, in Section "A" or any part thereof, any store or building for the sale of groceries, foods, or merchandise of any kind; that no billboard or similar or other advertising structure or device shall ever be erected or permitted on said section, or any part thereof; and that the lots in said section shall be devoted to residence use only, as hereinafter described.

Clause (3): That no dwelling house or outbuilding, while in the course of construction, or said Tract, or at any time prior to its being fully completed, shall in any manner be occupied or dwelt in; that the work of constructing and erecting any such building shall be prosecuted diligently and continuously from the commencement thereof until the same is completed, in accordance with the requirements herein set forth.

Clause (4): That the main dwelling house erected and maintained upon any lot in said tract shall face toward the front line of the lot upon which the same is located.

Clause (5): That not more than one single private residence, together with its appurtenant outbuildings, including a private garage and servants' quarters, shall be erected or maintained on any one lot in Section "A"; that each said private single residence shall be not more than two stories in height, exclusive of finished attic, if any, and with or without basement or cellar; that each dwelling house shall be designed and intended for occupancy by not more than one family; that no flat buildings, double house, tenement house, hotel, public boarding or lodging house, or private school, of any nature, shall be permitted upon said Section. (Provided, however, that nothing contained in these conditions shall be understood to prevent the construction and maintenance on Lot 4 in Block D of said tract, of a water reservoir and the necessary buildings appurtenant thereto; said lot 4 being reserved for that purpose.)

Clause (6): That each one story single private residence erected and maintained in said tract shall, together with the appurtenant outbuildings, be fairly worth not less than Five Thousand (\$5,000.00) dollars, and each two story single private residence erected and maintained in said tract shall, together with the appurtenant outbuildings, be fairly worth not less than Seventy-five hundred (\$7,500.00) dollars. Provided that permission may be given by the Architectural Committee herein mentioned to the owner of one or more adjoining lots, who has improved one of such lots with a dwelling house of the value aforesaid, to erect and maintain on the adjoining lot owned by him, a guest or lodge house, of less value, to be used only as an auxiliary to the main dwelling house of the common owner of said lots; provided, also, that the erection, maintenance

and use of such guest or lodge house independently of the ownership and use of the main dwelling house on the adjoining lot may be enjoined or abated as in the case of a violation of any of the other conditions herein.)

Clause (7): That any building maintained or erected on any lot in said tract shall be entirely constructed thereon and shall not be moved or placed thereon from elsewhere; that no outbuilding of any kind shall be erected or maintained prior to the erection of the main building in connection with which it is to be used.

Clause (8): That no part of the dwelling house or outbuildings erected or maintained on any lot in said tract shall be located, maintained or placed nearer than thirty-five (35) feet from any portion of the front line of the lot upon which it is erected, or nearer than fifteen (15) feet from the side lines of such lots, except where special permission is given in writing by said Architectural Committee in special cases where the lot affected is so located, and the shape of the lot is such, as to justify a modified setback. The words "dwelling house," "building" and "outbuilding," as used in these conditions, shall be deemed to include the main portions of such structures and all projections therefrom, with the exceptions that it shall not be deemed to include the eaves of said structures, nor the steps descending from the ground floor of said structures, nor any open pergola, nor any uncovered porch or patio.

Clause (9): Supplementing the foregoing conditions, it is expressly understood and agreed that no building, fence, wall or structure, of any kind, shall be erected, maintained or placed upon any part of said tract, unless and until the complete plans and specifications therefor, showing the nature, kind, shape, height material and color scheme thereof, and block plan indicating the location of such structure on the building site, shall have been submitted to, filed with and approved in writing by an Architectural Committee to be from time to time selected by Las Palmas Estates, Ltd. Hugh-Evans-&Company--a-corporation-of-Los-Angeles-- the duly authorized P.M.B. selling agent of said tract, or to be selected by a Trust Company authorized to do business in California, chosen by Las Palmas Estates, Ltd. Hugh-Evans-&Company--to make such selection. No signs of any character shall be erected, posted, pasted or displayed upon or about any lot of said tract, unless in accordance with regulations prescribed by said Architectural Committee, or by the written consent of said committee.

Clause (10): That no part of said tract shall at any time, be lived upon by any person whose blood is not entirely that of the Caucasian race; But if persons not of the Caucasian race be kept thereon by a Caucasian occupant, strictly in the capacity of servants or employees actually engaged in the domestic service of the occupant, or in the care of the premises for the occupant, such circumstances shall not constitute a violation of this condition.

Clause (11): That no part of said tract shall, at any time, nor shall any interest therein, be leased, sold, devised, conveyed to, or inherited by, or be otherwise acquired by or become the property of any person whose blood is not entirely that of the Caucasian race.

Clause (12): That the property comprised in said tract shall not be used, nor shall any part thereof be used for the purpose of drilling thereon for, or producing therefrom, oil, gas or any other mineral substance.

Clause (13): It is expressly provided and agreed that nothing contained in these conditions shall be understood to prevent the construction and temporary maintenance on any part of said tract of an office or offices and signs to be used by the duly authorized selling agents of said property, its successors or assigns.

Clause (14): The Bank of America National Trust & Savings Association, successor to Merchants National Trust and Savings Bank of Los Angeles reserves for itself and for its successors in interest, as owners of the reversionary rights herein provided for, its and their assigns and licensees; easements and rights of way in, upon, along, beneath, over and above the property in said tract, for the erection, construction, maintenance and use of wires and conduits or poles and pole lines, for the transmission of electricity for lighting, telephone and any other purposes, and for the necessary attachments in connection therewith; also for conducting any other public or quasi-public utility beneath, along or above the surface of the ground, with the right at all times to use such easements and rights of way for all such utilities. Such easements and rights of way, except where otherwise specified in the conveyance of any particular parcel by the Bank of America National Trust & Savings Association, successor to Merchants National Trust and Savings Bank of Los Angeles or by its successors in interest as aforesaid, shall be confined to four (4) feet, and shall run along each boundary line of all lots in said tract. (No dwelling house or outbuilding or structure of any kind, shall be erected or placed on the locations affected by such easements and rights of way except by special written permission of said Architectural Committee, and such locations shall at all times be open to such public service corporation as may have use of the same).

Clause (15): The breach of any of the conditions and covenants herein contained shall cause the lot upon which the breach occurs, together with the improvements and appurtenances thereto belonging, to revert to the Bank of America National Trust &

Savings Association, successor to Merchants National Trust and Savings Bank of Los Angeles, or its successors in interest, as owners of the reversionary rights herein provided for; and the owner of such reversionary rights shall have the right of immediate entry upon such lot in the event of such breach. But the breach of any of the foregoing conditions or covenants, or any re-entry by reason of such breach, shall not defeat or effect the lien of any mortgage or deed of trust made in good faith, for value, upon said land upon which the breach occurs; provided, however, that the breach of any said conditions may be enjoined, abated or remedied by appropriate proceedings, notwithstanding the lien or existence of such trust deed or mortgage; but, nevertheless, each and all of the said conditions and covenants shall remain at all times in full force and effect as against, and shall be binding upon, and shall be part of the estate acquired by anyone, and the successors and assigns of anyone acquiring title under or through any such deed of trust or mortgage, and a forfeiture and re-entry may be enforced following any breach by them or any of them. As to the owner or owners of any lot in each Section, the said conditions shall operate as covenants running with the land, and the breach of any of said conditions may be enjoined, abated or remedied by the Bank of America National Trust & Savings Association, successor to Merchants National Trust & Savings Bank of Los Angeles, or its successors, or by the owner or owners of any other lot, or of any interest in any other lot in the same Section as such lot.

Clause (16): Provided, further, that except as to the restrictions, covenants and conditions contained in Clauses (1), (10), (11), (12) and (14) hereof, each and all of the other restrictions, conditions and covenants herein contained, shall in all respects terminate and end, and be of no further effect, either legal or equitable, on or after January 1st, 1950; any and all forfeitures or reversions for breach of any such conditions or covenants committed or suffered prior to January 1st, 1950, shall be absolute. The conditions, restrictions and covenants contained in Clauses (1), (10), (11), (12) and (14) shall be perpetual and binding forever on the parties hereto, and a forfeiture or reversion therefor shall be absolute whenever committed.

Clause (17): It is expressly agreed and understood, that in the event any covenant or condition herein contained is invalid, or is held to be invalid or void by any court of competent jurisdiction, such invalidity or voidness shall in no way affect any valid covenant or condition herein contained.

No waiver of the breach of any of the covenants, agreements, restrictions and/or conditions herein contained shall be construed to be a waiver of any succeeding breach of the same or other covenants, agreements, restrictions and/or conditions. No delay or omission of the Grantor in exercising any right, power or remedy herein provided in the event of default shall be construed as a waiver thereof, or acquiescence therein.

IN WITNESS WHEREOF, the said Bank of America National Trust & Savings Association, successor to Merchants National Trust and Savings Bank of Los Angeles has caused this deed to be executed by its Vice-President and its Assistant Trust Officer, therunto duly authorized this 24th day of February, 1937.

BANK OF AMERICA NATIONAL TRUST & SAVINGS ASSOCIATION,
successor to Merchants National Trust and Savings
Bank of Los Angeles

By P.M.Buckwalter, Vice-President
