

occupancy a violation of existing regulation, Council will stand on that; otherwise no action.

Here Councilman Nichols entered and joined the meeting.

REPORTS:

Mr. Swart, in absence of City Manager, and at his request, informed the Council of the City Manager's recommendation that the two stone posts in Chino Drive, abutting the Mutascio property, being a hazard to automobile and pedestrian traffic, should be removed. Unanimous agreement that City Manager should proceed with removal of posts.

Here the Mayor called upon Messrs. H. Bolla, H. Norgard and Robinson, of the Federal Public Housing Authority, 760 Market Street, San Francisco, present in chambers with Mr. Stanley Wilson, Riverside architect, to address the Council regarding the public housing project of 25 houses to be constructed pursuant to the Lanham Act upon Section 14. Speaking for the group, Mr. Bolla stated their primary purpose in appearing before the Council: to arrange for sewer connections to the property. On being informed that sewerage disposal service here was administered by the Palm Springs Sanitary District, they were introduced to Judge Pinney, secretary of the District, who stated that the District's disposal plant is presently overloaded; and subsequently invited them to his chambers for further discussion.

Mr. Raymond Hiller, present in chambers, on request was permitted to address the Council: stating he would like to be considered for second choice to fill the vacancy arising March 1, 1945, due to the resignation of Councilman Adams. No action.
